

First Call for Papers

CREC09 is proudly hosted by the Engineers Australia Rockhampton Local Group and will be held at CQUniversity, Rockhampton Campus on the 14th and 15th of August. The theme of this year's conference is:

**"REGIONAL SUSTAINABILITY:
Local Solutions to Global Issues"**

The conference seeks to highlight engineering activities in Central Queensland Region that are innovative in their application or implementation. Proposals are sought for papers addressing the key issues of Engineering, Society and Growth, focusing on (but not limited to) the following topic areas:

- Sustainable Development
- Energy and the Environment
- Advanced Resources Technologies (Clean Coal, Carbon Sequestration, etc)
- Education and Skills Development, Decision Support System, Supply Chain, Project Management
- Climate change (Impact assessment, Adaptation Issues and Mitigation Measures)
- Infrastructure Growth, Disaster Management
- Power, Transport, Industries and Household Sector

Proposals for papers that showcase suitable engineering projects are also encouraged.

Paper Acceptance

Each paper will be blind reviewed by two independent reviewers. Each accepted paper must be presented by one of the authors after paying the necessary registration fee. Only one paper will be allowed to be presented for each registration. Notification of acceptance will be sent by July 31, 2009 along with the instructions for the preparation of the camera ready manuscript.

Publication

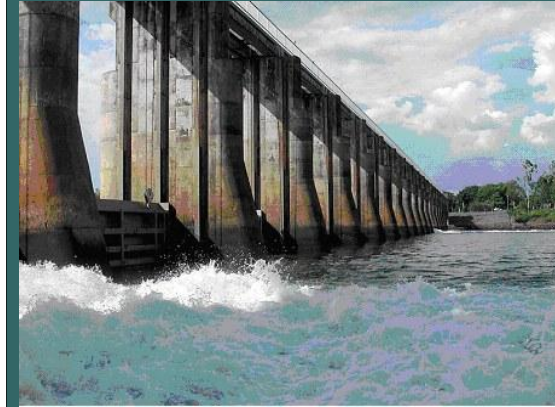

All accepted papers will be published in the conference proceedings. After further review, extended version of the selected papers will be considered for publication in a special issue of *International Journal of Energy Sector Management*, or *Energy for Sustainable Development*, or *Sustainability: Science, Policy and Practice*. In addition, top quality papers will be considered for publication in a book volume as a part of the book series *Climate Change Management* with Springer.
